

# With You I Am

Cody Johnson

I've Never been a cool hand Luke  
Quarterback of the winnin team  
Or the guy with the right kind of punch lines  
everybody wants to be  
I never was that lucky old cuss with a straight flush in his hand  
Oh But with you I am I ain't no Patrick Swayze  
My old boots never danced on air  
Never walk with a swag  
looking sharp as a tact  
Lit up like time square  
Who's that guy with a big ole smile as wide as the Rio Grande  
Oh with you I am  
Strong as an oak  
Soft like leather  
High as a pine  
And Light as a feather  
Same ole boy but a whole lot better whenever you holding my hand  
I used to poke fun at them punch drunk lovers  
I never thought I'd be that man  
Oh but with you I am  
Oh baby with you I am I've always been a do it my way drifter  
Another highway another town  
Never thought about that little White House with a porch all the way around  
Yeah i never saw me on a swing talking sweet talking dreams  
But i'll be damned  
with you I am  
Strong as an oak  
soft like leather  
high as a pine  
light as a feather  
Same ole boy  
But a whole lot better  
Whenever your holding my hand  
I used to poke fun at them punch drunk lovers  
I never thought I'd be that man  
Oh baby with you I am Strong as an oak  
Soft like leather  
high as a pine  
Light as a feather  
Same ole boy  
But a whole lot better  
Whenever you holding my hand

I used to poke fun at them punch drunk lovers  
I never thought I'd be that man  
Oh baby with you I am  
Oh baby with you I am
