

# More than Ever (Michael G Easy Star Remix)

## Rebelution

Just like I said before,  
Give me two weeks, when I come home, I'll come and say hello,  
With hugs and kisses for you Mrs. how I miss you so,  
Been gone forever, nothing better than to see you though  
And tell me how you been (been),  
Don't you act surprised this is how I am (am),  
I'm feeling good and that's real (real),  
You and me should kick it more than ev, more than ever, more than ev. Remember me and you,  
Remember me and you,  
Remember me and you,  
Remember me and you.  
Remember when we'd sit,  
Talk face to face and wonder whether we'd be making it,  
And chat for hours about the leftist side of government,  
I'd sit and listen to your words and I'd be loving it,  
Now the times have changed (changed),  
Older but we always stay the same (same),  
I'm filling up the whole lane (lane),  
You and me should kick it more than ev, more than ever, more than ev. Remember me and you,  
Remember me and you,  
Remember me and you,  
Remember me and you.  
Yeah,  
La la la la la, yeah,  
La la la la la, yeah,  
La la la la la, yeah,  
La la la la la, yeah,  
La la la la la, yeah,  
La la la la la, yeah,  
La la la la la, yeah.
