I was slidin', vibin', ridin' 285 just in my thoughts
Do I need go hit this lick? Ain't got no time to gettin' caught
I can't leave my folks down bad like that, guess I'm just gon' slow roll it
Partner say he got OG in the 3, that's where I'm rollin'
Focus nigga, need to focus mo, that's Motrin, ain't no purp
You ain't gon' fuck me up like that, step on my shit, bitch, you'll get murked
Few were out there in the bluff, Eastside just might see me in dirt
A two-piece snack in one piece skirts
Can't turn me down, this ain't that vert
Got all 12's on recurr
Got off them bails, you hella hurt
Got a fair time, I failed to do
Got a fair time, I failed the dirt
You lil' bitches failed to mention when you gossip in your kitchen
How I held shit down since prison, how I held shit down in trenches huh[The Weeknd:] Yeah
