

My Baby

Zendaya

We should listen to each other's hearts
Fall in love and never part
We can make it happen
If you 'bout that action
Now here we go again, here we go again
You know you wanna be my baby
Here we go again, here we go again
You know you wanna be my baby
Uh, I listen to your heart like the doctor
I love it when you call me big poppaI'mma pick you up in the Benz
Your ex used to scoop you in a Honda
Now here we go, here we go
Tell him don't be mad she chose
She like diamonds, not roses
Uh, a lil man can't afford ya
Girl, you gorgeous, always stay 100
Uh, and you know you got a real one
You remind me of AaliyahCause you one in a million
We should listen to each other's hearts
Fall in love and never part
We can make it happen
If you 'bout that actionNow here we go again, here we go again
You know you wanna be my baby
Here we go again, here we go again
You know you wanna be my baby
Darling, we should take a ride
Cruisin', flirting while we drive
Nothing could come kill our vibe
Got no worries on my mind
Now we're livin', livin' good
Young and misunderstood
Got me trippin', ya drive me crazy
You know you wanna be my baby
Let me tell you lil sum'n, lil sum'n
That you might wanna know about me
I don't play no game, baby, listen, babyIf you love me then come show me
We should listen to each other's hearts
Fall in love and never part
We can make it happenIf you 'bout that action
Now here we go again, here we go again
You know you wanna be my baby
Here we go again, here we go againYou know you wanna be my baby

Do you wanna be my baby? Do you wanna be my girl?
 I'm sayin' to the homie, you would look fly in some pearls
 Been on it for a minute, since the day
 I got your name
 We could do a movie and I could put you on the [?]
 She said "Bobby, you so open, boo thang, I am a rider"
 You ridin'? I'm a roller, boo thang, no more playin'
 Uptown like she [?], gettin' laced by [?]
 If you see me trippin', bet it's never off a head
 The first one poppin' off a Nic Nac beat
 Baby, I ball like a wish athlete
 Listen to your heart, baby, bless and see
 Live good and die together, we could rest in peace
 We should listen to each other's hearts
 Fall in love and never part
 We can make it happen
 If you 'bout that action
 Now here we go again, here we go again
 You know you wanna be my baby
 Here we go again, here we go again
 You know you wanna be my baby
 Listen to my heart, it got base for your face
 And it's HBK, she said "Hol' up, we should tape"
 She could fix that, fix that
 Where my independent chicks at that get that?
 She don't never eat no Whoppers or Big Macs
 She's a everyday shopper with bag bags
 Quick, fast, in a hurry, I'mma pull up on you
 Said it's Young Suzy, Young California
 Uh, and I'm the governor of this state
 A bad boy, walk a mile for the cheesecake
 I put in work, whether weekend or week day
 Good love got her sprung like T-Pain, ooh
 We should listen to each other's hearts
 Fall in love and never part
 We can make it happen
 If you 'bout that action
 Now here we go again, here we go again
 You know you wanna be my baby
 Here we go again, here we go again
 You know you wanna be my baby
 You don't even gotta front
 You know what time it is
