

# Long Way Home (feat. Allie Crystal)

Gazzo

I don't wanna go  
I don't wanna say goodbye yet  
Live the afterglow  
But can we run on borrowed time? We can hide away, drive until the moon goes down  
Don't you wanna stay even though we're homeward bound Baby can we take the long way  
home?  
I'll pay every toll please don't make me go  
You're the only one I need to hold  
Oh baby can we take the long way home? Can we take the long way home?  
Can we take the long way home?  
Got my eyes on you  
Take a picture in my mind just to hold onto  
Keep me in your view  
I'm counting every smile I could tame [?] We can hide away, drive until the moon goes down  
Don't you wanna stay even though we're homeward bound Baby can we take the long way  
home?  
I'll pay every toll, please don't make me go  
You're the only one I need to hold  
Oh baby can we take the long way home? Can we take the long way home?  
Can we take the long way home? I play these nights in my mind  
Play it and rewind, play it and rewind  
Baby just drive  
Forget the time  
Please don't say goodnight, please don't say goodnight  
Baby can we take the long way home?  
I'll pay every toll, please don't make me go  
You're the only one I need to hold  
Oh baby can we take the long way home? Can we take the long way home?  
Can we take the long way home?
