

# Jules and Jim

## Nada Surf

The speed at which you move  
It's weird how you never lose  
What can I do when I'm next to you? I am lost in my mind when you go to sleep  
I am lost in my mind when you go to sleep You gape and you lose sight  
Even under the northern lights  
Under the midnight sun well my thoughts still run I am lost in my mind when you go to sleep  
I am lost in my mind when you go to sleep  
Never felt such a pull before  
I'm hypnotized I'm destabilized  
I am Jules and Jim I'm me and him  
I am all three I'm Katharine The speed at which you move  
It's weird how you never lose  
What can I do when I'm next to you? I am lost in my mind when you go to sleep  
I am lost in my mind when you go to sleep  
Never felt such a pull before  
I'm hypnotized I'm -  
Never felt such a pull before  
I'm paralyzed  
I'm destabilized  
I am Jules and Jim I'm me and him  
I am all three I am Katharine  
I am all three I am Katharine  
I am all three I am Katharine
