

Get You Good

Roy Woods

I feel like it's been a long while now since you've been gone
Maybe it's cause we had sex, that time it was too damn good
Don't let your panties get too wet, let me take it off for yah

Who else is gonna be a man to yah?

I know that I'm young, but I'm just bein' honest

You're with me right now, baby let's go further

Cause I'm gonna get you good

You don't fuck with niggas in your hood

Southside nigga and the name is Roy

Ex-girlfriend knows I've been up there

Everybody hear, don't know why they ask

I want you to show me yourself

Since I'm always here, I'm only gone for a minute

Gone for a minute

Wheneva i push to start you, I don't want you to finish

Just keep ridin'

Since I'm always here, I'm only gone for a minute

Gone for a minute

Wheneva i push to start you, I don't want you to finish
Just keep ridin'Cause I'm gon' get you
good

There ain't nothin' wrong with a little play

Cause I'm gon' get you good

There ain't nothin' wrong with a little play

Cause I'm gon' get you good

There ain't nothin' wrong with a little play

Cause I'm gon' get you good
Get you good, get you good, get you good

Cause I'm gon' get you good

I can't get enough of you

Shawty show me what's up with you

There's lots of things that I want to do

But tell me what you can do

Cause I know there's things that he didn't show you

Let me be your teacher while up in the bedroom

Make your neck beg with my goatee

Don't press pause, girl we're on repeat

Lets get high, blow it down, 6 feet

She could love me, well you know me

He can't love you when you're with me

Let me take you down, baby come and give me all

This is me now, forget about who they know
Never had a woman that had showed me love

Swear I never felt this feeling before

Gon' and give me some, I'm greedy for more
Since I'm always here, I'm only gone for a minute

Gone for a minute
Wheneva i push to start you, I don't want you to finish
Just keep ridin'Since I'm always here, I'm only gone for a minute
Gone for a minute
Wheneva i push to start you, I don't want you to finish
Just keep ridin'Cause I'm gon' get you good
There ain't nothin' wrong with a little play
Cause I'm gon' get you good
There ain't nothin' wrong with a little playCause I'm gon' get you good
There ain't nothin' wrong with a little play
Cause I'm gon' get you good
Get you good, get you good, get you good
Cause I'm gon' get you goodCause I'm gon' get you good
I'm gon' get you good
I'm gon' get you good
Girl I'm gon' get you good
Get you good, get you good
I'm gon' get you good
Get you good, get you good, get you
Girl I'm gon' get you good
