

# Friendship

Chris Stapleton

Said, whats wrong, my long time friend?  
Somethin's botherin' you  
Tell me what the problem is  
I'll see what I can do There are times we disagree  
We agree more than we don't  
We wont always see eye to eye  
But we will more than we won't We got friendship  
The kind that lasts a lifetime  
Through all the hardship, you know  
You're a friend of mine Yeah, we got friendship  
The kind that lasts a lifetime  
Through all the hardship, you know  
You're a friend of mine  
If you're on the street, I'll take your hand  
If you're hungry, I'll give you food  
If its money you need, I got some saved  
If you're sick, I'll visit you I have been where you are right now  
You saw me through it all  
I'll lean on you, you can lean on me  
I am never gonna let you fall 'Cause we got friendship  
The kind that lasts a lifetime  
Through all the hardship, you know  
You're a friend of mine Yeah, we got friendship  
The kind that lasts a lifetime  
Through all the hardship, you know  
You're a friend of mine  
Talk to me, old pal of mine  
If you feel you can't go on  
Don't you sweat, it ain't over yet  
This bond we share is strong Now your welfare is my concern  
You weigh less than you think  
I'll carry you, through the circumstance  
Safe I'll let you sing Cause, we got friendship  
The kind that lasts a lifetime  
Through all the hardship, you know  
You're a friend of mine  
Yeah, we got friendship The kind that lasts a lifetime  
Through all the hardship, you know  
You're a friend of mine  
Yeah we got friendship  
The kind that lasts a lifetime Through all the hardship, you know  
You're a friend of mine

Through all the hardship, you know  
You're a friend of mine
