

A.D.I.D.A.S. (All Day I)

Ro James

I see your face when I close my eyes
When your away I write stories about you in my mind
Cause this love is one of a kind All day I, I
All day I dream about sexing you
Gotta think about sexing you
Oooh baby
All day I dream about sexing you
Yeah, yeah, yeah When you lips touched mine it only confirmed
What I already knew
That I've found true love in you
Oooh Oooh ooh
See one time I tried to love a girl
Had my heart broken I swore I'd never love again
But you changed my mind
All day I, I
All day I dream about sexing you
Oooh baby
All day I dream about sexing you
Oh baby mmmmmmmn
See the way you make me feel I just can't describe it and I just can't deny it
Oooh baby
And I know that you want it
Don't know why you fighting it
Baby Oooh oh oooo
All day I, I
All day I dream about sexing you
Gotta think about sexing you
Oooh baby
All day I dream about sexing you 3x
Oh babe I'm craving your body
Bring your body tonight
Kissing all on your body
All day long I been feening
