

They Got It Wrong (feat. Wiley)

Lethal Bizzle

DiztortionDench! Yeah, the kid is back
You're all under attack
I was busy denching the world, dench-a-maniac
Some say a flippin' brainiac, y-yeah go Google that
Watch my YouTube vids, you'll see I'm an insani-chap
They call me everything under the sun, I didn't listen
I love a full belly, so I live in the kitchen
Now you are what you eat
But I'm far from a chicken
Little mats, big ambition
Far from don and go on mission
Now you listen yo
Started off, had a little situation
Used to get my in little altercations
Now 'n' then I go back to the MC
Old friends for a lil' bit of motivation
For some occasion look back of the journey, it's fascinating
Yeah, who thought in 2001 the biz would still be here?
Won't stop, can't stop, I had to get with it
If I didn't do me, then how would I be living
Dumming all the pressure on my shoulders
I can do everything but I'm pushing down the boulders
'Cause they got it wrong, wrong, wrong, wrong, wrong, wrong, wrong
'Cause they got it wrong, wrong, wrong, wrong, wrong, wrong, wrong
'Cause they got it (wrong)Bizzle, yo,
You don't know hish, I beg you pardon
I was on wind and the day we cop em
DJ G on the deck you get me
I was in the set with Rico and Pepsi
DJ target, DJ trim, DJ slim with a mix I'm blend
Even I DJ, two vinyl in the back gettin' busy on the 12 10's
I make history, it's not a mystery
I wouldn't miss my time, nor mister P
Now my eighteen gun that, Mr. T
Told them, I don't wanna hear they dissing me
Break through it, because their missing me
I know the game that trickin' me
When I go back and check progress
I see they ain't got s*** for me
Won't stop, can't stop, I had to get with it
If I didn't do me, then how would I be living
Dumming all the pressure on my shoulders

I can do everything but I'm pushing down the boulders
'Cause they got it wrong, wrong, wrong, wrong, wrong, wrong, wrong
'Cause they got it wrong, wrong, wrong, wrong, wrong, wrong, wrong
'Cause they got it (wrong)Dench! I ain't a popstar, a rockstar, nope

I am a PM, I am mayor
Student protest, POW was the soundtrack
Big Ben's garden, Cameron's scared
I am The Clash, I am The Beatles
Little bit of cannabis, don't take needles
I am volume there ain't no mute
I am bananas, I ain't no fruit
I'm not Judi but I am dench
Don't know German, little bit of French
Honestly, I speak my mind
I ain't hiding behind no fence
Little bit unobtainable
Little bit inspirational

If you wanna do something, do yourself 'Cause they got it wrong, wrong, wrong, wrong, wrong,
wrong, wrong

'Cause they got it wrong, wrong, wrong, wrong, wrong, wrong, wrong
'Cause they got it wrong, wrong, wrong, wrong, wrong, wrong, wrong
'Cause they got it (wrong)
