

Clap Your Hands

David Guetta & GLOWINTHEDARK

It's your party and you know it, clap your hands.
If you're happy and you know it, clap your hands.
If you feel it and you know it, clap your hands.
If you're happy and you know it, clap your hands.
It's your party and you know it, clap your hands.
If you're happy and you know it, clap your hands.
If you feel it and you know it, clap your hands.
If you're happy and you know it, clap your hands.
It's your party and you know it, clap your hands.
If you're happy and you know it, clap your hands.
If you feel it and you know it, clap your hands.
If you're happy and you know it, clap your hands.
It's your party and you know it, clap your hands.
If you're happy and you know it, clap your hands (hands hands hands).
It's your party and you know it, clap your hands.
(hands hands).
It's your party and you know it, clap your hands.
If you're happy and you know it, clap your hands.
If you feel it and you know it, clap your hands.
If you're happy and you know it, clap your hands.
It's your party and you know it, clap your hands.
If you're happy and you know it, clap your hands.
If you feel it and you know it, clap your hands.
If you're happy and you know it, clap your hands.
It's your party and you know it, clap your hands.
If you're happy and you know it, clap your hands (hands hands).
If you feel it and you know it, clap your hands.
If you're happy and you know it, clap your hands (hands hands)
It's your party and you know it, clap your hands (hands hands).
If you're happy and you know it, clap your hands (hands hands hands).
It's your party and you know it, clap your hands (hands hands)
