

Come Fly Away (feat. Channing)

[Benny Benassi](#)

I'm glidin' in the beautiful sky, it's such a clear day, oh
Go ridin' in your sweet lullabies, come fly away, ay oh
I'm glidin' in the beautiful sky, it's such a clear day, oh
Go ridin' in your sweet lullabies, come fly away
Feels like you're beatin'
 Beatin' the drumbeats into my heart
 Feels like there's nothin'
Nothin' around to make me stop
You are a motion that makes me high
 You are a dream that burns inside
 A magic potion, that's my soul
 Come fly with me
 Feels like you're beatin'
 Beatin' the drum beats into my heart
 Feels like there's nothin'
Nothin' around to make me stop
You are a motion that makes me high
 You are a dream that burns inside
 A magic potion, that's my soul
Come fly with me
I'm glidin' in the beautiful sky, it's such a clear day, oh
Go ridin' in your sweet lullabies, come fly away, ay oh
I'm glidin' in the beautiful sky, it's such a clear day, oh
Go ridin' in your sweet lullabies, come fly away
I'm glidin' in the beautiful sky, it's such a clear
 day, oh
 Go ridin' in your sweet lullabies, come fly away
I'm glidin' in the beautiful sky, it's such a clear day, oh
Go ridin' in your sweet lullabies, come fly away, ay oh
I'm glidin' in the beautiful sky, it's such a clear day, oh
Go ridin' in your sweet lullabies, come fly away
