

# Drinkin' Beer and Wastin' Bullets

Luke Bryan

Out in the sticks  
With the squirrels and the ticks  
and my 30-06  
I'm running out of miller light  
Trucks in park  
The dog won't bark  
Couple hours til dark  
wishing one would walk by  
might as well left my gun in the gun rack  
been here all day all i'e killed a 12 pack  
sitting here  
waiting on a deer  
drinkin' beer and wastin' bullets  
aiming at the empties  
missing hitting pine trees  
it ain't my fault them cans keep moving  
My babys on the phone  
saying baby come home  
where ya been and whatcha been doing  
well ive been sitting here  
waiting on a deer  
drinkin' beer and wastin' bullets  
the only deer i seen  
been john deer green  
but that dont mean  
that i got a rawl deal  
cause there aint no boss  
callin' me hoss  
ticking me off  
on the edge of this corn field  
on my second box of winchester hundred grains  
aint seen a big buck  
but its been a good day  
sitting here  
waiting on a deer  
drinkin' beer and wastin' bullets  
aiming at the empties  
missing hitting pine trees  
aint my fault them cans keep moving  
my babys on the phone  
saying baby come home  
where ya been and whatcha been doing

well ive been sitting here  
waiting on a deer  
drinkin' beer and wastin' bullets  
sitting here  
waiting on a deer  
drinkin' beer and wastin' bullets  
aiming at the empties  
missing hitting pine trees  
aint my fault them cans keep moving  
my babys on the phone  
saying baby come home  
where ya been and whatcha been doing  
well ive been sitting here  
waiting on a deer  
drinkin' beer and wastin' bullets
