

# Closer

## Travis

I've had enough of this parade  
I'm thinking of the words to say  
We open up unfinished parts  
Broken up  
It's only love And when I see you then I know it will be next to me  
And when I need you then I know you will be there with me  
I'll never leave you  
Just need to get Closer, closer  
Lean on me now  
Lean on me now  
Closer, closer  
Lean on me now  
Lean on me now  
Keep waking up (waking up) without you here (without you here)  
Another day (another day) another year (another year)  
I seek the truth (seek the truth), we set apart (we set apart)  
Second dance  
A second chance (a second chance) And when I see you then I know it will be next to me  
And when I need you then I know you will be there with me  
I'll never leave you  
Just need to get Closer, closer  
Lean on me now  
Lean on me now  
Closer, closer  
Lean on me now  
Lean on me now  
Lean on me now  
And when I see you then I know it will be next to me  
And when I need you then I know you will be there with me  
I'll never leave you  
Just need to get Closer, closer  
Lean on me now  
Lean on me now  
Closer, closer  
Lean on me now  
Lean on me now  
Lean of me now  
Closer, closer  
Closer, closer
