## Tedashii

Everybody cool, ain't nobody tripping when you 'round me  
We just came to party it's a party everywhere that I be  
Can't nobody hold us back all down must be, cause we  
Doing whatever we wanna good God I'm free Show you what it feel like, I can show you what it  
feels like Yeah, I'm free  
I-told-y'aaaall/ Ima be me  
I'm keeping that line on repeat  
Run it back like I'm Adrian Pete  
Drop down the top and let down all my hair  
Wind in face like I don't have a care  
They throwing shade like throwing grenades  
But why would I change, the party's right here  
Get it all like a rich man  
Trying to get the upper hand like a wristband  
Life'll throw you for a curve, I'm just trying not to swerve  
Trying to stand on my own without the kickstand  
These nit wits they'll nit pick my living it's sickening can't get wit this ignorance my defense  
like a pick six is instant  
Ima take it to the house baby, Prime Time  
Everybody cool, ain't nobody tripping when you 'round me  
We just came to party it's a party everywhere that I be  
Can't nobody hold us back all down must be, cause we  
Doing whatever we wanna good God I'm free Show you what it feel like, I can show you what it  
feels like/Living life, moving forward, yeah  
That's a pick and roll  
A new day, a new story  
Tell time I'm moving on, yeah  
Feels like a holiday  
A change coming, I can see it from a mile away  
Got the sun shining on me this a brighter day  
Chunk a deuce to these blues then it's andale/ Ooh, yeah  
Having a ball  
Like taking these snaps man and handing them off  
Trying to make freedom a habit for y'all  
Tell 'em I need it like having withdrawals  
You can tell it by the way we live, yeah  
Tell it ain't a thang that we did, yeah  
Tell it came in only by Him, yeah  
Telling anyone who gon hear it, yeah  
Party with me  
Riding my wave no way I'm a miss it  
If this offensive then please forgive me

Feeling so free man I got to live it like Ooh!  
Everybody cool, ain't nobody tripping when you 'round me  
We just came to party it's a party everywhere that I be  
Can't nobody hold us back all down must be, cause we  
Doing whatever we wanna good God I'm free Show you what it feel like, I can show you what it  
feels like Yeah I'm free  
I'm being me  
And if they can't see  
Tell 'em c'est la vie  
Flexing on 'em - no competition  
Going hard - no opposition  
This was written - no composition  
If you with that then say it all when me Like Oh Oh Oh O-Oh  
Yeah I'm free I'm free I'm free Show you what it feel like, I can show you what it feels like  
I'm free
