

Oasis (feat. Foxes)

[Kygo](#)

[Chorus: Foxes]

Tonight, I feel like I'm lost in the desert

But you're my oasis

You found my heart

Tonight, I feel like I'm lost in the desert

But you're my oasis, yeah, you're my oasis[Verse 1: Foxes]

I am stuck in quicksand

And I am trying not to drown

Fell in deeper this time and I'm struggling to get out

And doubt creeps into my soul

And now, I've found there's nothing left to hold

[Chorus: Foxes]

Tonight, I feel like I'm lost in the desert

But you're my oasis, yeah, you're my oasis[Verse 2: Foxes]

I thought I'd died

I had no fight, I had given up

Thought I was done, I was savaged by the sun

I thought I'd died

I had no fight, I had turned to dust

When I came to in your arms I knew I would make it through

[Chorus: Foxes]

Tonight, I feel like I'm lost in the desert

But you're my oasis

You found my heart

Tonight I feel like I'm lost in the desert

But you're my oasis, yeah, you're my oasis

(You found my heart)[Outro: Foxes]
