

Spectre

Christian Death

Expecting turn as the bullet pains (a play on painturn)
The bed is tangled on the floor (You'd better start and get out boy?)
Last night was all a mistake, love
You've gotta wanna stay, I wanna stay
You can't always want always
You go slow and go slower
I found your soul smashed on these stairs
Right or wrong?
Lament stands backed in corners
(It's all a mistake)
You know you're sorry, you're sorry, you're sorry, your soul...
(It's all a mistake)
Put our loved ones in the oceans
(It's all a mistake)
We've spent our loving on the cold steps
But one of these days
Can our love be strong? Oh don't say no
You're sorry, you're sorry, your soul
Your soul is old boy
You found it stolen, it's stolen
You found it stolen, it's stolen
(It's all a mistake)
You're falling onto roses... Oh...
How can the stolen be sto... love child bring holding between us
You fall in love but still it must be me
You fall in love but still it must be me
You fall in love and not a stone will grow
(It's all a mistake)
You fall in love when it's dead and not a stone will grow
(It's all a mistake)
You'd better not stay, not stay
You'd better not stay, not stay
Oh only now (fall on me now?)
Oh only love is dead
Oh only love is dead
Oh our love has been stolen
You'd better not stay, not stay
(It's all a mistake)
You'd better not stay, not stay
(Oh our love has been stolen)
Oh only now
(It's all a mistake)

Oh only love is dead
(Oh our love has been stolen)
Oh only love is dead
Our love is stolen
