

I Really Want It

A Great Big World

So tell me what are we living for
I say we chuck inhibitions
And sell our souls to rock n' roll
I need to know what I'm missing So turn it up on the stereo
Somebody light the ignition
What the hell are you waiting for
It's time to make a decision I'm feeling the world go round
It's spinning me upside down
I'm finally homeward bound
I'm not giving up
It's crawling under my skin, and I don't care if I sin
I really want it
I really want it
I really want it right now!
I really want it right now!
If there's a maker up above
Then why is nobody listening
You show me hate, and I'll show you love
It's not about your religion We're always looking to someone else
Just take a look in the mirror
'Cause all you need is inside yourself
It couldn't be any clearer I'm feeling the world go round
It's spinning me upside down
I'm finally homeward bound
I'm not giving up
It's crawling under my skin, and I don't care if I sin
I really want it
I really want it
I really want it right now!
I really want it right now!
The more we love, the more we learn
The more we love, the more we burn
The more we love So tell me what are we living for
I say we chuck inhibitions
And sell our souls to rock n' roll
I need to know what I'm missing I'm feeling the world go round
It's spinning me upside down
I'm finally homeward bound
I'm not giving up
It's crawling under my skin, and I don't care if I sin
I really want it
I really want it

I really want it right now!

I really want it right now!
