

Your Biggest Fan

Jonas Brothers & China Anne McClain

I never thought I would, did it
Never thought I could
I did it like that, did it like this
Did it like everybody knows
That we got something real, shorty
I know what I feel
Shout it like that
Shout it like this
Listen up, everybody knows
But you, so here it goes
Cause I never really noticed
Took a while for me to see
Playing back the moments
Now I'm starting to believe
That you could be at the show and know everyone
But it's you who makes me sing
and I may not know where we are but I know who I am Baby, I'm your biggest fan, oh Every
time you smile for me
Takes me a while to bring myself back
Cause your all that
And I just had to let you know
That I'm screaming out in the crowd for you
I can be too loud cause I don't care
I let 'em all stare I just want everyone to know
The truth, it's only you
I never really noticed
Took a while for me see (a while for me to see)
Playing back the moments
Now I'm starting to believe (starting to believe)
That you could be at the show and know everyone But it's you who makes me sing
may not know where we are but I know who I am
Baby, I'm your biggest fan You showed up and you looked so classy
Made me think twice 'bout the way I was acting
You were real from the start of it all
Like a dream came to life, now I'm left in awe Stars shine but your light is the brightest
Love flies but your love is the highest
You're so sweet that it drives me crazy
A summer like no other, you're my L.A. baby I never really noticed
Took a while for me to see
Playing back the moments
Now I'm starting to believe That you could be at the show and know everyone
But it's you who makes me sing

may not know where we are but I know who I am
Baby, I'm your biggest fan, oh
Baby, I'm your biggest fan, oh
That you could be at the show and know everyone
But it's you who makes me sing
And I know where we are and I know who I am
Baby, I'm your biggest fan
