

# Make It to Me

**Sam Smith**

My mind runs away to you  
With a thought I hope you'll see  
Can't see where it's wandered to  
But I know where it wants to be I'm waiting patiently  
Though time is moving slow  
I have one vacancy  
And I wanted you to know That you're the one designed for me  
A distant stranger that I will complete  
I know you're out there  
We're meant to be  
So keep your head up  
And make it to me  
Make it to me  
So sick of this lonely air  
It seems such a waste of breath  
So much that I need to say  
So much to get off my chest  
I'm waiting patiently  
Though time is moving slow  
I have one vacancy  
And I wanted you to know  
That you're the one designed for me  
A distant stranger that I will complete  
I know you're out there  
We're meant to be  
So keep your head up  
And make it to me  
Make it to me  
And make it to me  
Make it to me
