

# Satisfied

## The Walls Group

If I never get that house, that car  
Or be a superstar,  
And my dreams never come true  
Will I be satisfied with you?  
And if no one ever knows my name  
And my gifts don't bring me fame  
If everything I have, someday I lose  
Will I be satisfied with you? Don't get me wrong  
It'd be nice to have nice things  
And everybody loves the love that all those nice things bring  
But when the lights turn out and it's just me and you  
When you ask me to choose, then what will I do  
See, if I gain the world, then I lose my soul  
Who sticks by my side when my years grow old?  
So it's not easy but when I think of you  
I want to be satisfied with you  
If I never get that house, that car  
Or be a superstar  
And my dreams never come true  
Will I be satisfied with you?  
And if no one ever knows my name  
And my gifts don't bring me fame  
If everything I have, someday I lose  
Will I be satisfied with you? It's so easy to think money changes everything  
But when all the money's gone will I still be happy  
How much did I cost me searching for celebrity?  
Did it, Cost me my life?  
Was it worth the price?  
I've been searching for so long for something real  
Something deeper than what I see out there  
Took me a while, now my search is through  
Jesus I'll be satisfied with you.  
Satisfied with you  
You  
Jesus I want you  
All I want  
When I close my eyes  
Will I be right by your side?  
Standing face to face finally  
Will you be satisfied with me? If I never get that house, that car  
Or be a superstar  
And my dreams never come true

Will I be satisfied with you?  
And if no one ever knows my name  
And my gifts don't bring me fame  
If everything I have, someday I lose  
Will I be satisfied with you? Satisfied with you  
Satisfied with... you
