

Nothing Like You (feat. HANA)

Gryffin & DROELOE

We started in the same neighborhood
Teenage hope, misunderstood
Stars fell around us in a wasted place We took your parents' car out of town
Lost our minds 'til the sun went down
So we tried to grow up good one day We were young, kind of foolish
Deep down love kind of friendship
Lost beneath in an endless wave
We gave up on the good life
Put ourselves on the high tide
Never thought it would end this way
We ain't best friends no more
'Cause I'm nothing like you-ooh-ooh
Two years, no love, no call
Now I'm nothing like you-ooh-ooh
I guess I'm riding solo
I guess I gotta let go
We ain't best friends no more
'Cause I'm nothing like you-ooh-ooh ('Cause I'm nothing like you-ooh-ooh) We used to keep our
world tangled tight
Both our futures on one line
Just two tigers in a forest fire
But then we lost our stripes, we didn't care
Said you'd call, I was never there
Can we go back to the wild life?
We were young, kind of foolish
Deep down love kind of friendship
Lost beneath in an endless wave
We gave up on the good life
Put ourselves on the high tide
Never thought it would end this way We ain't best friends no more
'Cause I'm nothing like you-ooh-ooh
Two years, no love, no call
Now I'm nothing like you-ooh-ooh
I guess I'm riding solo
I guess I gotta let go
We ain't best friends no more
'Cause I'm nothing like you-ooh-ooh ('Cause I'm nothing like you-ooh-ooh)
('Cause I'm nothing like you-ooh-ooh)
(Eh, eh)
