

I Hope That You're Okay

Babyface

I just hope that you're okay
You know...
You know...
I just hope that you're okay You know I love you
But I really don't see this happening anymore
You know I love you
But I really don't think that it's worth fighting for And although I love you
There's something I need to say
I done thought a lot about it
And I think I'm gonna leave today
()
But I hope that you're okay
You know...
I just hope that you're okay
You know...
And I hope that we are good
You know, that the feeling's mutual
We can work it out
And go our separate ways
I just hope that you're okay
You know...
I hope that you're okay
You know...
You know I love you
But I can't go through the motions anymore
You know I love you
But I know you don't feel the way you did before
And although I love you
There's something I need to say
But baby it's time to just call it a day But I hope that you're okay
You know...
I just hope that you're okay
You know...
And I hope that we are good
You know, that the feeling's mutual
We can work it out
And go our separate ways
I just hope that you're okay
You know...
I just hope that you're okay
You know...
I hope that you're okay

You know...
I just hope that you're okay
We can work it out
And go our separate ways I know that I hurt you
And I didn't wanna hurt you
But now that I hurt you
Girl I know I don't deserve you
If I'm really being honest here
Girl I know you will be out of here
Cause you don't really love me no more
But I hope that you're okay
You know...
I just hope that you're okay
You know...
And I hope that we are good
You know, that the feeling's mutual
We can work it out
And go our separate ways
I just hope that you're okay
You know...
I just hope that you're okay
You know...
And I hope that we are good
You know, that the feeling's mutual
We can work it out
And go our separate ways
I just hope that you're okay
You know...
I just hope that you're okay
You know...
I hope that you're okay
You know...
We can work it out
And go our separate ways You know...
I just hope that you're okay
You know...
You know...
I just hope that you're okay
You know...
