

# Cold Beer Calling My Name

## Jameson Rodgers & Luke Combs

It's been one of them clock it in, knock it out, clock it out  
'Bout to?kick?off the weekend  
There's?a stretch of blacktop, I ain't?never seen a cop  
So I'm pushing it a little past?ten  
Pulled?a?little money from?the bank, put?it in the tank  
Shined up the windshield glass  
Don't know where the night might lead, ain't nowhere to be  
But I gotta get there fast  
There's a cold beer calling my name  
Feel a good time coming, got a new song humming  
And the sunset's doing its thing  
Feeling lucky as a seven, yeah sometimes Heaven  
Is a pocket full of payday green  
And my baby putting sugar on me  
Yeah, it's sure been a pretty damn good day  
And there's a cold beer calling my name, yeah  
If there's a hillbilly rock show, I'll be in the front row  
Holding up a red Bic flame  
Or a wraparound porch with a citronella torch  
Yeah, you know I'm down either way  
There's a chance that tonight might be a night that we  
Ain't ever gonna forget  
Yeah, everybody's turning it up, I got a little buzz  
And I ain't even had one yet  
There's a cold beer calling my name  
Feel a good time coming, got a new song humming  
And the sunset's doing its thing  
Feeling lucky as a seven, yeah sometimes Heaven  
Is a pocket full of payday green  
And my baby putting sugar on me  
Yeah, it's sure been a pretty damn good day  
And there's a cold beer calling my name  
It's calling my name  
Yeah, there's a cold beer calling my name  
Oh yeah it is  
Yeah, I'm gonna put a little chill in my weekend  
Stay up all night, maybe sleep in  
I'm gonna sip a little something  
And I ain't gotta worry 'bout nothing 'cause  
There's a cold beer calling my name  
Cold beer calling my name  
There's a cold beer calling my name  
Feel a good time coming, got a new song humming  
And the sunset's doing its thing  
Feeling lucky as a seven, yeah sometimes Heaven

Is a pocket full of payday green  
And my baby putting sugar on me  
Yeah, it's sure been a pretty damn good day  
And there's a cold beer calling my name  
It's calling my nameCold beer calling my name  
It's calling my name  
Yeah, I'm gonna put a little chill in my weekend
