

Like lightning  
Like lightning  
Like lightning I keep me emotions down under  
Trying to focus on fun stuff  
But I'll bring you lightning and thunder  
To power your heart until it functions  
Just tell me you're gonna return the feeling  
'Cause baby you know I give you the real thing  
And my love will be a shock to your system  
Look nobody can replace my position It's like every little thing you do  
I just want me and you Light me up, light me up, light me up  
Like lightning  
Light me up, light me up, light me up  
Like lightning  
Light me up, light me up, light me up  
Like lightning  
Light me up, light me up, light me up  
Like lightning [Havana Brown &  
It's like every little thing you do  
Like lightning  
I just want me and you  
Like lightning  
Every little thing you say  
Like lightning  
You can try and walk away  
Like lightning
