

Easy (feat. Mark Ronson)

Troye Sivan & Kacey Musgraves

You ran away to find something to say
I went astray to make it okay
And he?made?it easy, darlin'
I'm?still in love, and I say?that because
I know how it seems, between you and me
It hasn't been easy, darlin'I can't even look at you
Would you look at the space just next to your feet?
The wood is warping
The lines distorting
This house is on fire, woo!
Burning the tears right out my face
What the hell did we do?
Tell me we'll make it through'Cause he made it easy, easy
Please don't leave me, leave me (Easy)
What's left of the dance?
That's all on my hands
The rock in my throat, a hair on my coat
The stranger at home, my darling
Like some kind of freak, my darling
Now I'm vulnerable, so sad and alone
But don't cry for me, 'cause everyone knows
You reap what you sow, my darling
Yeah, yeah, yeahI can't even look at you
Would you look at the space just next to your feet?
The wood is warping
The lines distorting
This house is on fire, woo!
Burning the tears right out my face
What the hell did we do?
Tell me we'll make it through
'Cause he made it easy, easy
Please don't leave me, don't leave meHe made it easy, please don't leave me
He made it easy, please don't leave meI can't even look at you
Would you look at the space just next to your feet?
The wood is warping
The lines distorting
This house is on fire, woo!
Burning the tears right out my face
What the hell did we do?
Tell me we'll make it through'Cause he made it easy, easy
Please don't leave me, no, don't leave meHe made it easy
Please don't leave me

He made it easy
Please don't leave me
