

Serial Killa

Snoop Dogg

Six million ways to die, choose one
It's time to escape, but I don't know where the fuck I'm headed

Up or down, right or left, life or death

I see myself in a mist of smoke

Death becomes any nigga that takes me for a joke

We hit a five dollar stick, now we puttin in work

Unaccountable amounts of dirt, death becomes all niggas

Anybody killa, you know what the deal is

Nigga, you know what the real is

I see some mark brand niggas on the corner flaggin me down

Sayin, "Yo Daz, what's up with the Pound?"

Is that nigga Snoop alright? Aiyyo what's up with the crew?

Is them niggas in jail, or are them niggas through?"

I said, "If you ain't up on thangs

Snoop Dogg is the name, Dogg Pound's the game"

It's like this they don't understand

It's an everyday thang, to gangbang

Make that twist, don't be a bitch, let these niggas know

What's up witchu I represent the Pound and Death Row

And can't no other motherfucker in L.A. or Long Beach

And Compton and Watts see D-O-G's

Now, you can't come and you can't run, and you can't

See long to the G of the gang

One gun is all that we need, to put you to rest

{Pump pump!} Put two slugs dead in your chest

Now you dead then a motherfucker creepin and sleepin

6 feet deep in, fuckin with the Pound is

Suicide, it's a suicide

(Repeat x4)The cloud becomes black, and the sky becomes blue

Now you in the midst of the Dogg Pound crew

Ain't no clue, on why the fuck we do what we do

Leave you in a state of paranoia, oooh

Don't make a move for your gat so soon cuz

I drops bombs like Platoon (ay nigga)

Walk with me, hold my hand and let me lead you

I'll take you on a journey, and I promise I won't leave you

(I won't leave you) until you get the full comprehension

And when you do, that's when the mission

Or survival, becomes your every thought

Keep your eyes open, cuz you don't wanna be caught

Half steppin with your weapon on safety

Now break yourself motherfucker, 'fore you make me

Take this 211 to another level
I come up with your ends, you go down with the devil
Now roam through the depths of hell
Where the rest your busta ass homeboys dwell
WellSuicide, it's a suicide
(Repeat x3)
Now tell me, what's my motherfuckin name?
Serial killa! Serial killa! Serial killa!
(Wake up in the morning eat your Lucky Charms cereal)Deep, deep like the mind of Minolta,
now picture this
Let's picnic inside a morgue
Not pic-a-nic baskets, pic-a-nic caskets
And I got the machine, that cracks your fuckin chest plates
Open and release them guts
Then I release def cuts
Brutal, jagged edged, totally ruffneck
Now everybody scream nuff respect to the X
Nuff respect given
Disrespect and you will not be livin
Word to momma, Emma, drama, dilemmaOutbrain
