## Sylvan Esso

"I've got a television  
It's filling me with home  
I've got a television  
It's filling me with home  
Wherever I end up  
Wherever I roam  
Hey, I've got a television  
It filling me with home I've got a phone it beeps  
Lets me know I'm not alone  
I've got a phone it beeps  
Lets me know I'm not alone  
Wherever I end up  
I sleep like a stone, yeah  
I got a phone it beeps  
Lets me know I'm not alone My head my shoulders  
Knees and toes  
My head my shoulders  
Knees and toes  
My head my shoulders  
Knees and toes  
They're running everywhere in fancy clothes My head my shoulders  
Knees and toes  
My head my shoulders  
Knees and toes  
My Head my shoulders  
Knees and toes  
They take me where I want to go  
Bright  
Young  
Kinda hurt  
Don't you wanna get some?  
Esso  
Bright  
Young  
Hurt Don't you wanna get some? My head my shoulders  
Knees and toes My head my shoulders  
Knees and toes  
My head my shoulders  
Knees and toes  
They're running everywhere in fancy clothes  
My head my shoulders  
Knees and toes

My head my shoulders  
Knees and toes My Head my shoulders Knees and toes They take me where I need to go And all  
around the party

We stand in circles numb

Yeah, all around the party

We stand in circles numb

Who can I find here

Who knows where I come from?

Oh, all around the party

We stand in circles numb I had a thread before

Now I don't know where it's gone

I had a thread before

Now I don't know where it's gone

Oh how did I get here?

What did I say when I was young?

I had a thread before

Now I don't know where it's gone I've got a television

It's filling me with home

I've got a television

It's filling me with home

Wherever I end up

Wherever I roam

Hey, I've got a television

It's filling me with home Bright

Young

Kinda hurt

Don't you wanna get some?

Esso

Bright

Young

Hurt

Don't you wanna get some? (Wanna get, wanna get, wanna get...) My head my shoulders

Knees and toes

My head my shoulders

Knees and toes

My head my shoulders

Knees and toes

They're running everywhere in fancy clothes

My head my shoulders

Knees and toes

My head my shoulders

Knees and toes

My head my shoulders

Knees and toes

They take me where I need to go My head my shoulders

Knees and toes

My head my shoulders

Knees and toes

My head my shoulders

Knees and toes  
They're running everywhere in fancy clothes  
My head my shoulders  
Knees and toes  
My head my shoulders  
Knees and toes  
My Head my shoulders  
Knees and toes  
They take me where I need to go"
