

Everybody

Mac Miller

Everybody's gotta live, and everybody's gonna die
Everybody just wanna have a good, good time
I think you know the reason why
Oh, oh, oh, oh
Oh, oh, oh, oh Everybody's gotta live, and everybody's gonna die
Everybody's gotta live, I think you know the reason why
Yeah, sometimes the going gets so good, yeah
But then it can get pretty rough, yeah
But when I have you in my arms baby
You know I just can't, I just can't get enough
Everybody's gotta live, and everybody's gonna die
And everybody's gonna try to have a good, good time
I think you know the reason why
Saw a blind man standin' on the corner, baby, yeah
And he couldn't hardly tie his shoes, yeah
Harmonica and guitar strapped around his neck, oh
But he sure could, he sure could play the blues, yeah
Everybody's gotta live, everybody's gonna die, yeah
Everybody's gonna try to have a good good time
I think you know the reason why, yeah
Feel like I've seen a million sunsets, yeah
If you're with me I'll never go away
That's when I stopped and took a look at my baby
She said if you're with me, I won't go away
Because everybody's gotta live, and everybody's gonna die
