

L.O.V.E. (feat. John Legend)

Melanie Fiona

[Duet with John Legend] Yeah yeah alright yeah yeah

Uh uh ah ah

All the love so many suffer

All I ask why as they fight for their lives

Can we try the amazing impossible change it

We can't sit by we can't let it die

How long it will take

We should come together

We should start today

I know we can do it

We can rise above

All we need LOVE love

Love is absolution love is .

Is love all we need is love

Yeah yeah alright yeah yeah LOVE

If you are with me say it tonight

So many voices so many mothers cry

Can we take the time to listen

Can we try in this time of trouble

We know love is only cure

Is what we are waiting for

How long it will take

We should come together

We should start today

I know we can do it

We can rise above

All we need LOVE love

Love is absolution love is .

Is love all we need is love

Yeah yeah alright yeah yeah LOVE

Release the love inside

Is LOVE love

We can turn the light into darkness

We can make it right when is time

Time to conquer . before is too late

. what we need for so long

How long it will take

We should come together

We should start today

I know we can do it

We can rise above

All we need LOVE love

Love is absolution love is .
Is love all we need is love
Yeah yeah alright yeah yeah LOVE
Yeah yeah alright yeah yeah it all comes back to love
Yeah yeah alright yeah yeah release the love inside
Release the love inside is LOVE love
Yeah yeah alright yeah yeah Yeah yeah alright yeah yeah
