

# Desire As

## Prefab Sprout

Desire As

I've got six things on my mind you're no longer one of them  
Desire as a self-figured creature who changes her mind?  
I've got six things on my mind you're no longer one of them  
Desire as a self-figured creature who changes her mind?  
I've got six things on my mind you're no longer one of them  
Desire as a self-figured creature who changes her mind?  
I've got six things on my mind you're no longer one of them  
Desire as a self-figured creature who changes her mind? They were the best times, the harvest  
years with jam to lace the bread  
So goodness, goodness knows why I'd throw it to the birds  
But there it is, and there we are  
And all I ever want to be is far from the eyes that ask me  
In whose bed you gonna be and is it true you only see  
Desire as a self-figured creature who changes her mind?  
Desire as a self-figured creature who changes her mind?  
It's perfect as it stands so why then crush it in your perfect hands?  
Desire as a self-figured creature who changes her mind?  
I've got six things on my mind you're no longer one of them  
I've got six things on my mind you're no longer one of them So tell me you must have thought it  
all out in advance  
Or goodness, goodness knows why you'd throw it to the birds  
You mock the good things, you play the heart strings, play them one by one But there it is, and  
there we are  
And all I ever want to be is far from the eyes that ask me In whose bed you gonna be and is it  
true you only see  
Desire as a self-figured creature who changes her mind?  
It's perfect as it stands so why then crush it in your perfect hands?  
Desire as a self-figured creature who changes her mind?  
In whose bed you gonna be and is it true you only see  
Desire as a self-figured creature who changes her mind?  
I've got six things on my mind you're no longer one of them  
I've got six things on my mind you're no longer one of them  
It's perfect as it stands so why then crush it in your perfect hands?  
Desire as a self-figured creature who changes her mind?  
Desire as a self-figured creature who changes her mind?  
I've got six things on my mind you're no longer one of them
