

# I Come Apart

Phora

Yeah, losin' my faith, losin' my mind  
Losin' my friends, just hopin' I find  
Something to feel, something that's real  
'Cause all that we know is narcotics and pills  
My pops got a case, thirty stacks for the bail  
Lookin' back at my words like, "Where the fuck did I fail?"  
Look to God for the answers, I just hope for a sign  
I'm just prayin' for peace, as I load up my 9  
See, I come apart sometimes, I'm not me  
I come apart sometimes  
I'm missin' my heart sometimes, I can't sleep, yeah  
I come apart sometimes  
Yeah, I come apart sometimes, yeah  
I come apart sometimes  
Yeah, I'm missin' my heart sometimes  
Yeah, I come apart sometimes  
They start breakin' me down  
Got me chained to the ground  
I can't take it no more, if I stay, then I drown  
Can't let it get to me  
I let it get to me  
This anxiety kills, it'll eat you alive  
I'm just blind to my problems, I can't see what I hide  
Traumatized by the world, but I can't let it kill me  
I took a bullet to my head, but they say that they feel me  
The land of the free, where they put us in chains  
Where they lock us in cages, new millenium slaves  
Look to God for the answers, I just hope for a sign  
I'm just prayin' for peace, as I load up my 9  
See, I come apart sometimes, I'm not me  
I come apart sometimes  
I'm missin' my heart sometimes, I can't sleep, yeah  
I come apart sometimes  
Yeah, I come apart sometimes, yeah  
I come apart sometimes  
Yeah, I'm missin' my heart sometimes  
Yeah, I come apart sometimes  
They start breakin' me down  
Got me chained to the ground  
I can't take it no more, if I stay, then I drown  
Can't let it get to me  
I let it get to me
