

Nostradamus

Judas Priest

They, never broke my will
Cause my heart was strong
They won't justify
Condemnation, my vindication
But I will survive(Aaah!)Stood my ground 'till the end
Engaged the enemy protect my friendsNo-stra-da-mus x2Tamed the beast
They sent to kill
The congregation never broke my willNo-stra-da-mus x2He has overcome
He can take the throne
Nostradamus - vindication
Nostradamus - is avenged
Nostradamus - our salvation
Nostradamus - he's avengedI walked through fire to justify
Their inquisitions all condemned to dieNo-stra-da-mus x2Adversity on which I thrived
Destroys the altar now I'm vilifiedNo-stra-da-mus x2He has seized the day
He is here to stayNostradamus - vindication
Nostradamus - is avenged
Nostradamus - our salvation
Nostradamus - he's avenged
Vindication,
He has been avenged(Solo)They never broke my will
Because my heart was strong
They can't justify
I will surviveHe has overpowered
It's his finest hourNostradamus - vindication
Nostradamus - is avenged
Nostradamus - our salvation
Nostradamus - he's avengedNo-stra-da-mus x4
