

# All of Me (feat. Mary J. Blige)

## 50 Cent

Now If I give you all of me  
What you gone give me back?  
Your body is callin' me  
Got me feelin' like a fiend on crack  
Why you gonna make me fall in love?  
Now why you wanna go and do that?  
Now If I give you all of me  
What you gone give me back? Lets start with the moon and the stars, whatever you into  
They money I aquire mama make it all simple  
Flashback '03, papparazzi flashin' flicks  
I moved away, hustle hard, now I got a six stash  
Tell me you miss me, baby come here and kiss me  
It just happened so quickly, feels like I hopped off a bus and got in a Bentley  
Its gangsta my music even when its the smooth shit  
You can hate me cause I hurt you but I aint even do it  
They predicted it all I dont know how he knew it  
He said women from Hollywood are "Liar, liar, liars"  
Fuck em they get ya heated then deny it like Mariah  
Fast forward to '06, Im still on fire  
The world is still turning, my records are still earnin'  
Dough come quicker and quicker, flow gets sicker and sicker  
Straight up and down baby, Im a special kinda nigga  
Now If I give you all of me  
What you gone give me back?  
Your body is callin' me  
Got me feelin' like a fiend on crack  
Why you gonna make me fall in love?  
Now why you wanna go and do that?  
Now If I give you all of me  
What you gone give me back? Life is short baby, be apart of my dreams  
I own Ferarri horses, my Lambhorgini leans  
So mean, I have niggas hatin' on me  
God gave me a gift, Im supposed to be rich  
Im supposed to ride through the hood and make niggas sick  
When my homies put in work, they supposed to get it  
With a piece of chain thick, go and buy em some bricks  
I aint make that up, this is how its suppose to be kid  
You should feel like a life, but it gave back bad time  
When I smile your smile should be as big as mines  
Girl to know me's to love me, Im one of a kind  
Even when you hate me you love me, forever your mine  
Now If I give you all of me

What you gone give me back?  
Your body is callin' me  
Got me feelin' like a fiend on crack  
Why you gonna make me fall in love?  
Now why you wanna go and do that?  
Now If I give you all of me  
What you gone give me back?
