A lot of blessings he send  
Enough for me my enemies and all my friends

But my soul can't be pulluted by the hands of men  
And tha longer that we live her in this ya strange land?  
Profets haffi speak and people overstand

Your heart and your thoughts yuh must prepare  
Of wolfs and leopards we must be aware  
But the trust ina the almighty god knows no fear

You got the will to be  
Will yuh chose controversy  
Or fulfill your destiny
