

Bandit

Justine Skye

You wanna go play right away, well I'm fine with that
We some and drink all day, baby, and I'm faded like
I can't remember your name, right away, what I'm tryna say
I got that game changed, I got that game changed I got that game changed and you want it
You've been looking at me strange like if only
Deep into your gaze, brainwashing Brainwashing, this is your warning I'm bout to tell ya dirty,
dirty, little secret
I'ma keep it, dirty, dirty, can you keep it?
Don't say nothing that you know you're gonna regret
Put your hands up in the air it's a stick up, stick up
I'm a bandit, I'm a bandit
I'm a bandit, I'm a bandit
I'ma throw it, throw it, throw it
Throw it throw it throw it throw it up You can't stand it
Yeah, I'm a bandit
This world's going crazy like a maniac
Gold in my champagne, I don't care, where my gangsters at?
Put em in the air one time
Live your life no matter what they say
I do this everyday
I want the money, fuck the fame
Game changed and you want it
You've been looking at me strange like you falling
Deep into my gaze, brainwashing
Brainwashing, this is your warning
I'm 'bout to tell you dirty, dirty little secret
I'ma keep it daddy, daddy, can you keep it?
Don't say nothing that you know you gonna regret
Put your hands up in the air
It's a stick up, stick up
I'm a bandit, I'm a bandit, I'm a bandit, I'm a bandit
I'ma throw it, throw it, throw it, throw it, throw it, throw it, throw it, throw it up
You can't stand it
Yeah I'm a bandit
Ooh, you've been looking for the wrong one baby
Oh yeah, and I know what to do to make you go crazy
Oh yeah, you've been looking for the wrong one baby
Oh yeah, I know what to do to make you go crazy (craz-eee)
'Bout to tell you dirty, dirty little secret
I'ma keep it daddy, daddy, can you keep it?
Don't say nothing that you know you gonna regret
Put your hands up in the air

It's a stick up, stick up
I'm a bandit, I'm a bandit, I'm a bandit, I'm a bandit
I'ma throw it, throw it, throw it, throw it, throw it, throw it, throw it up
You can't stand it
Yeah I'm a bandit
