

# Into It

## Camila Cabello

[Verse 1]

Ooh, I'm not a psychic  
But I see myself all over you  
Ooh, I'm sick on you, sick on you  
But you're the medicine, too[Pre-Chorus]  
The gravity can't hold us, your hands are outer space  
I can't make sense of nothing, and words just get in the way  
This couch is getting smaller, but it's my favorite place  
Don't even ask the question, you know what I'm gonna say

[Chorus]

I'm into it

Whatever trouble that you're thinking, I could get into it  
I see a king-sized bed in the corner, we should get into it  
All of the things I wanna do to you is infinite  
I mean, if you're into it, I'm into it[Verse 2]

Ooh, I'm holding my, holding my breath

Until I'm turning blue (yeah, yeah)

Ooh, don't save me, don't save me, don't save me

I'll fall into you, fall into you[Pre-Chorus]

This couch is getting smaller, but it's my favorite place  
Don't even ask the question, you know what I'm gonna say

[Chorus]

I'm into it

Whatever trouble that you're thinking, I could get into it  
I see a king-sized bed in the corner, we should get into it  
All of the things I wanna do to you is infinite  
I mean, if you're into it, I'm into it

I'm into it, I'm into it

Whatever trouble that you're thinking

I could get into it (I'm into it)

I see a king-sized bed in the corner

We should get into it (I'm into it)

Enough of the conversation, baby, let's get into it (I'm into it)

I mean, if you're into it, I'm into it[Pre-Chorus]

The gravity can't hold us, your hands are outer space  
I can't make sense of nothing, oh, and words just get in the way

This couch is getting smaller, but it's my favorite place  
Don't even ask the question, you know what I'm gonna say[Chorus]

I'm into it

Whatever trouble that you're thinking, I could get into it  
I see a king-sized bed in the corner, we should get into it  
All of the things I wanna do to you is infinite

I mean, if you're into it, I'm into it  
I'm into it, I'm into it[Outro]  
I'm into it, oh na na, I'm into it  
I'm into it, oh na na, I'm into it  
I'm into it, oh na na, I'm into it  
If you're into it, I'm into it
