

By Your Side

Jacob Sartorius

give me a hit
give me a hit
i'll take the lead
wherever i go
wherever i go
you're coming with me
just get away
just get away
tell me you'll follow
Lets livin it up
livin it up
like there's no tommorow
we ride together
like waves in the ocean
hold you down through whatever
to wherever we going
every day, every night
i'll be the sun and the stars in your sky
no matter what happens
i will be by your side
i will be by your side
i will be by your side i will be by your side
i got your back
i got your back
ain't kind of fun?
when you pick your two
you pick your two
i'll be the one
i'm on your left
i'm on your right
i'm all around you
we got the key we got the key
you know we can't lose we ride together
like waves in the ocean
hold you down through whatever
to wherever we going
every day, every night
i'll be the sun and the stars in your sky
no matter what happens
i will be by your side i will be by your side
i will be by your side
i will be by your side wherever you go

i will be by your side
i will be by your side
i will be by your side
i will be by your side
