

# Fallen

## Imagine Dragons

Run for cover  
My sense of fear is running thin  
Undercover  
Just like a candle in the wind Tell everybody, tell everybody  
Brothers, sisters, the ending is coming  
Ohhhhh  
We are fallen, we are fallen  
Ohhhhh  
We are fallen, we are fallen  
Now we're just gonna ride it out  
Every morning  
I'm staring shadows in the eye  
Oh, good morning  
Will you just wait until I die? Tell everybody, tell everybody  
Brothers, sisters, the ending is coming  
Ohhhhh  
We are fallen, we are fallen  
Ohhhhh  
We are fallen, we are fallen  
Now we're just gonna ride it out  
Tell everybody, tell everybody  
Tell everybody, we are fallen  
Ohhhhh  
We are fallen, we are fallen  
Ohhhhh  
We are fallen, we are fallen  
Now we're just gonna ride it out  
I just want to take it in  
Even when your fire runs out  
Will you start it up again?  
We are fallen
