

She's My Collar (feat. Kali Uchis)

Gorillaz

If I could take her down and run, then I'd call her
Cause she's standing drama, she knows I'll call her
She's getting on the sun and that she ordered
Imagine me, imagine me now
I don't take her number just to think I'd call her
I take a damned down somewhere dread and naughty
I clear my system, I don't need no other
This is my persona, secret lover (she's my collar)
Nothing to be justified in
Just one thing, you should feel nothin'
I know she lies, I know she's my caller
I sense her in my mind, she's my collar
She's my serpentine, she's my collar
I send a message never call her
And now I wanna taste another
And it's safe enough to tell her, she's my collar
Nothing to be justified yet
She's the first I'm running with
She's the one that gets my collar
She's the one I'm running with
She's the one I'm running with
She's the one I'm running with
She's my collar
I'm yellow, he was blue
It's nothing that he could hide
We made agreement though
Whenever we were so alive
I died a thousand times
I did what I had to do
Hey, that's just how it goes
I'm still coming back to you
If I could take her down and run, then I'd call her
Cause she's standing drama, she knows I'll call her
She's getting on the sun and that she ordered
Imagine me, imagine me now (she's my collar)
I don't take her number just to think I'd call her
I take a damn somewhere dread and naughty
I clear my system, I don't need no other
This is my persona, secret lover (she's my collar)
She's the one I'm running with
She's the one I'm running with
She's the one I'm running with
She's my collar
And I love her, oh, oh

She's my collar

Oh, oh

She's my collar
