

# Paradise

## MAGIC!

...Once upon a time a lonely boy with vision  
Heard about a little mermaid cast away  
Saw a little bitty fin and started swimming  
She disappeared with the sunlight once again  
He prayed unto his father  
As his lungs filled up with water  
Oh won't you take me to your paradise? (I want to go)  
Can I come play with you under the tide? (I want to go)  
I want to swim inside your ocean eyes (I want to go)  
Oh won't you take me to your paradise? (I want to go)  
Then he woke up on the dry and he saw visions  
Of the life with a mermaid cast away  
Couldn't tell if it was love or just impatience  
Headed back with the black sand against the waves  
There she was in color  
And with all his strength he called her  
Oh won't you take me to your paradise? (I want to go)  
Can I come play with you under the tide? (I want to go)  
I want to swim inside your ocean eyes (I want to go)  
Oh won't you take me to your paradise? (I want to go)  
Please don't drift away (repeat 5 times)  
Oh won't you take me to your paradise? (I want to go)  
Can I come play with you under the tide? (I want to go)  
I want to swim inside your ocean eyes (I want to go)  
Oh won't you take me to your paradise? (I want to go)  
Oh won't you take me to your paradise? (I want to go)  
I've got to be with you i don't know why (I want to go)  
Oh won't you take me to your paradise? (I want to go)  
I've got to be with you, I've got to be with you  
I want to go  
I want to go Paradise, paradise, paradise...
