

# Riot

Mikky Ekko

Mouthy girlfriends, talk on cellphones  
Leave the TV on  
I walk slowly, make them have it  
Concrete in my bones I'm lying useless  
Just occlusive, nobody at home  
'Cause the clock keeps ticking  
The clock keeps ticking  
And I can't figure out  
Why we're not freaking out  
We are a RIOT if we want it  
We can freak out every day  
We are a RIOT if we want it  
Every month it's happening  
Come on, come out  
Into the night  
And live the love, the love to fight  
We are a RIOT if we want it  
We want it Never ending politicking  
Asphyxiation  
Dawn of flier, build it higher  
Burn the castle down Cause the clock keeps ticking  
The clock keeps ticking  
And I can't figure out  
Why we're not freaking out  
We are a RIOT if we want it  
We can freak out every day  
We are a RIOT if we want it  
Every month it's happening  
Come on, come out  
Into the night  
And live the love, the love to fight  
We are a RIOT if we want it  
We want it You are a RIOT if you want it  
You are fire if you want it  
You are a RIOT if you want it  
You are fire if you want it  
You want it! We are a RIOT if we want it  
We can freak out every day  
We are a RIOT if we want it  
Every month it's happening  
Come on, come out  
Into the night

And live the love, the love to fight  
We are a RIOT if we want it  
We want it
