

Ghost

VAMPS

This cruel fate... I am dead and it's too late
My living essence unchained and now
I'm just a whisper in your night, unheard and unssenLifeless inside - it's me
You cry, looking awayMy darling, I'm still here
I'm calling in vain to you
Don't cry,'cause I won't let go
My fingers pass through you
I just wanna hold you close
But now... I am just a ghost ah-ah
This cruel fate... I am dead and it's too late
Yet my heart's unchangedBeautiful you - I see
But you are drifting awayMy darling, I'm still here
I'm calling in vain to you
Don't cry,'cause I won't let go
My fingers pass through you
I just wanna hold you close
But now... I am just a ghost ah-ah
My darling, where am I?
I'm falling away from you
Don't cry,'cause I won't let go
My kiss can't reach your lips
I can't take away your tears
'Cause now... I am just a ghostI am just a ghost
