

Belong to You

Sabrina Claudio

Take care of me
Talk all day then at night fall in deep
Stimulate me
I want you mental and physically
I belong to
I belong to you, you, you
Grab hold of me
Gentle love but touch passionately
I'll give you my blessing
Take me person and objectively
Ex and internally
I belong to you
I belong to you
I belong to you, you, you
Take care of me
Talk all day then at night fall in deep
Stimulate me
I want you mental and physically
I belong to you, you, you
I belong to you, you, you
I belong to you
