

Overdue (feat. Travis Scott)

Metro Boomin

Overtime and overdue (Due)
Ain't no sleep, that is old news (Old news)
Been outside, that's with the crew (Yeah)
Made my night up on the move (On the move)
In the morning, get the news (Check the news)
She come home I heard the zoom (Skr skr)
I step outside I need my piece (Peace)
Take one down to hit my peak (Yeah, yeah yeah) I feel I overuse myself, I overuse myself
I feel, I mean I overdid myself, I overdid myself
I feel, I mean I overuse my nights
I overdid my nights
I overdid my nights
Yeah
Hit the lights and hit a right (Right)
Took everything, ain't nothing left (Ain't left)
Count your blessings, count your steps (Straight up)
At your throat like we that strep
It's way too cold under this flesh (Yeah)
All we, we ball but we don't mesh (Ball)
All we, we drink, leave us a mess (Drinking)
Down on my drugs, it is old news (Yeah) Oh, oh oh
Mhm mhm, hmm
Hmm
I'm with the hero (21), but we knew this (Woah)
Them the ones, you see me when they all leave
The Glock on tip though (God)
Lit when we Chevy (21)
They already know there's not too many
About to click though (Yeah), this shit been busy
Chasing after paper, come and get me (Me)
Like I'm sick though, sippin' plenty (Sip)
We been outside, going in (21)
