

Money

Michael Kiwanuka & Tom Misch

Money, is it really love?
Money, will it be love
Oh less I cannot spend Money, money, I can not get enough
Money, will it be love On less, I cannot spend I think I want everything
Everything all on my own
Can't you see my diamond ring?
Twenty thousand carat gold Girl, I wanna talk to you
I can hear your mind is free
One million makes you
More than I can ever keep
Money, money, is it really love
Money, will it lead to love
On less, I cannot spend Money, money, I feel I get enough
Money, will it lead to love
On less I cannot spend I could buy an aeroplane
Fly you all around the world
I'm spending without being ashamed
Spending, 'cause I'm all alone Girl, I wanna make you mine
Can't you give your heart to me?
I would give you everything
You're more than I could an ever be
(Ooh, ooh, ooh, ooh) Money, money, is it really love
Money, will it lead to love
On less I cannot spend
Money, money, I feel I get enough
Money, will it lead to love
On less I cannot spend All money lies, there's no surprise with that
When money tries to ruin everything
Pain in disguise, money can't cover up the lies
I need true love tonight All money lies, there's no surprise with that
When money tries to ruin everything
Pain in disguise, money can cause a man to cry
I need true love tonight Ooh, ooh, ooh, ooh Money, money, is it filled with love?
(Oh Lord, money, yeah, money can't love)
Money, will it lead to love
(Money takes, is this real, real love?)
Oh man, again, I swear Money, money, I feel I get enough
(Oh, money goes, money feels, money comes)
Money, will it lead to love
(Money, money, money)
On less, I cannot spend (Oh yeah, oh yeah, oh yeah) Money, money, Is it really love
Money, will it lead to love

On less, I cannot spend (Money, money)
