

Subliminal

God Dethroned

Eyes watch you from a step away
A wide grin as I manipulate
In the dark of awareness
The arena of the blind
The hell you see is nearer than you think
I feed you new filth today
Open wide as I manipulate
In the dark of awareness
The arena of the blind
The hell you see is nearer than you think
As I wreck the dreams and hopes of countless eyes
And feed my filth to millions
Focussed on the addiction of wide screen lies
Fixed on the messages unseen
Unseen - Evolved - Machine - Subliminal
Unseen - Evolved -
Machine - Subliminal
Now I've caught your attention
Fix your gaze on the information maze
Filter out my hidden agenda
As I wreck the dreams and hopes of countless eyes
And feed my filth to millions
Focussed on the addiction of wide screen lies
Fixed on the messages unseen
As I wreck the dreams and hopes of countless eyes
And feed my filth to millions
The world consumes in synchrony
Willing virus for my chaos remedy
