

# Winning a Battle, Losing the War

## Kings Of Convenience

Even though I'll never need her  
Even though she's only giving me pain  
I'll be on my knees to feed her  
Spend a day to make her smile again  
Even though I'll never need her  
Even though she's only giving me pain  
As the world is soft around her  
Leaving me with nothing to disdain  
Even though I'm not her minder  
Even though she doesn't want me around  
I am on my feet to find her  
To make sure that she is safe and sound  
Even though I'm not her minder  
Even though she doesn't want me around  
I am on my feet to find her  
To make sure that she is safe from harm  
The sun sets on the war  
The day breaks and everything is new  
The sun sets on the war  
The day breaks and everything is new  
Everything is new  
Everything is new  
Everything is new  
The sun sets on the war  
The day breaks and everything is new
