

If We Have Each Other

Alec Benjamin

She was nineteen with a baby on the way
On the east-side of the city she was working every day
Cleaning dishes in the evening she could barely stay awake
She was clinging to the feeling that her luck was going to change
And, cross town she would take the bus at night
To a one bedroom apartment
And then when she'd turn on the light
She would sit down at the table
Tell herself that it's alright
She was waiting on the day that she hoped her baby would arrive
She'd never be alone
Have someone to hold
And when night's were cold she'd say
The world's not perfect but it's not that bad
If we got each other and that's all we have
I will be your mother and I'll hold your hand
You should know I will be there for you
And the world's not perfect
When the world's not kind
If we have each other then we'll both be fine
I will be your mother and I'll hold your hand
You should know I will be there for you
They were ninety and were living out their days on the
West-side of the city next to where they got engaged
They had pictures on the walls of all the memories that they made
And their life was never easy they were thankful that they stayed
With each other and though some times were hard
Even when she made him angry he would never break her heart
And they didn't have the money to afford a fancy car
But they never had to travel because they'd never be apart
Even at the end their love was stronger then
The day that they first met
They'd say
The world's not perfect but it's not that bad
If we got each other and that's all we have
I will be your lover and I'll hold your hand
You should know I will be there for you
And the world's not perfect
When the world's not kind
If we have each other then we'll both be fine
I will be your lover and I'll hold your hand
You should know I will be there for you
You should know I will be there for you
I'm twenty
three and my folks are getting old

I know they don't have forever and I'm scared to be alone
So I'm thankful for my sister even though sometimes we fight
When high school wasn't easy, she's the reason I survived
I know she'd never leave me
And I hate to see her cry
So I wrote this verse to tell her that I'm always by her side
I wrote this verse to tell her that I'm always by her side
I wrote this verse to tell her that The world's not perfect but it's not that bad
If we got each other and that's all we have
I will be your brother and hold your hand
You should know I will be there for you
And the world's not perfect
When the world's not kind
If we have each other then we'll both be fine
I will be your brother and hold your hand
You should know i'll be there for you You should know I'll be there for you
