

Come Over

[Kenny Chesney](#)

I turn the tv off, to turn it on again
Staring at the blades of the fan as it spins around
Counting every crack, the clock is wide awake
Talking to myself, anything to make a sound
I told you I wouldn't call, I told you I wouldn't
care
But baby climbing the walls gets me nowhere
I don't think that I can take this bed getting
any colder
Come over, come over, come over, come over, come over
You can say we're done the
way you always do
It's easier to lie to me than to yourself
Forget about your friends
You know they're gonna say
We're bad for each other
But we ain't good for anyone else
I told you I wouldn't call, I told you I wouldn't care
But baby climbing the walls gets me nowhere
I don't think that I can take this bed getting any
colder
Come over, come over, come over, come over, come over
We don't have to miss each
other, come over
We don't have to fix each other, just come over
You don't have to say forever,
come over
You don't have to stay forever, come over
I told you I wouldn't call, I told you I wouldn't care
But baby climbing the walls gets me nowhere
I don't think that I can take this bed getting any colder
Come over, come over, come over, come
over, come over
Come over, come over, come over, come over, come over.
Come over, come
over, come over, come over, come over.
